

OFFICE HOT LUNCHES

We can deliver hot, filling and delicious lunches for your staff to enjoy as either a one-off service or as a regular event. Even if you don't have cooking or hot holding facilities onsite, we can ensure your staff enjoy the meals at the correct temperature using thermoboxes to transport the food in as well as portable hotplates which can be set up very quickly and easily in a small space. Our staff can remain onsite to help serve the food. Below are some sample menus.
